Some guidelines for preparing your Christmas hamper:

**Preferably your hamper items could be in a sturdy festive shopping bag** (eg M&S, TK Maxx, etc) or in easily-manageable. We are delighted to receive bigger hampers, but please separate them into two or three bags/boxes for ease of delivery.

If your hamper is made up of several parts (i.e. two boxes and a bag) then please clearly label each part using the family number and how many parts (i.e. "30, Part 2 of 3").

It is also nice to cover your box(es) with Christmas wrapping paper, both because it looks great and also helps to keep the contents inside. However, please leave your hamper open as there are often extra items donated that we like to tuck in.

Please do not give Christmas cards or your name. This is for confidentiality reasons. Please do not include this profile.

As always, we are grateful for your generous gifts. If you have any questions please contact Lynn on 01 87 87 700 or [dublin@acet.ie](mailto:dublin@acet.ie).

Have a very happy Christmas!
